

MUSIC EDUCATION (M.M. OR M.S.)

This program offers candidates an opportunity to refine their teaching skills through a program involving teaching, performance, research, contemporary trends, and interaction with leaders in the field of music education. The degree fulfills academic requirements for permanent certification in New York and reciprocity requirements for other states.

Applicants must have completed the requirements for New York State initial or provisional certification, including successful practice teaching in music, or the equivalent requirements for another state. Generally, students entering this degree program have professional music teaching experience. Matriculating students not actively employed in the profession will be allowed to complete their first year, but will need to have acquired a school teaching position before enrolling for their second year of study. The final oral examination for music education students includes a teaching presentation and submission of a process-folio created during the student's coursework.

Degree Requirements

Code	Title	Credits
Required Courses		
MUED 65200	Process-folio and Presentation 1: Seminar	1
MUED 65400	Process-Folio and Presentation 2	1
MUED 65500	Process-Folio and Presentation 3	1
