

# DOCTOR OF PHYSICAL THERAPY

---

## Graduation Requirements

All required graduate coursework is listed below and must be taken in the sequence established by the department unless permission to deviate from the sequence or time frame has been approved by the graduate faculty. Candidates for a doctor of physical therapy degree are required to meet all requirements for graduation within four years of their matriculation into the graduate program.

All physical therapy majors must take graduate-level courses offered by the Department of Physical Therapy for a letter grade unless otherwise specified in the course descriptions. All graduate students must maintain a cumulative GPA of 3.2 or higher to successfully complete the program.
