

ABOUT THIS CATALOG

The requirements specified in this catalog apply to students who commence their studies at Ithaca College during the 2023-2024 academic year and who remain in continuous enrollment at the institution until they graduate. If requirements are changed, students may elect to comply with the new requirements or to remain under the requirements by which they are governed at the time of the change. The choice should be made in consultation with your academic advisor and your Dean's office for review and approval.

Students who change their major are bound by the regulations for their new major that are in effect the semester they officially begin studies in that program.

Students who withdraw and are subsequently readmitted are bound by program and degree requirements in force during the academic year in which they are readmitted. See the statement on return after suspension under "Academic Standards (<https://catalog.ithaca.edu/undergrad/academic-information/academic-affairs/>)."

The student should be aware that some information in the catalog may change. It is recommended that students considering enrollment check with the school director to determine if there is any change from the information provided in the catalog. In addition, a catalog will contain information on the school's teaching personnel and courses/curricula offered. Please be advised that the State Education Department separately licenses all teaching personnel and independently approves all courses and curricula offered. Therefore, it is possible that courses/curricula listed in the school's catalog may not be approved at the time that a student enrolls in the school or the teaching personnel listed in the catalog may have changed. It is again recommended that the student check with the school director to determine if there are any changes in the courses/curricula offered or the teaching personnel listed in the catalog.
