AP/IB/CLEP Policy for the ICC

Incoming First-Year Students

Students may apply credits earned at other institutions or granted on the basis of AP/IB/CLEP scores to fulfillment of the following Integrative Core Curriculum (ICC) components:

- First-Year Composition (WRTG 10600)
- Quantitative Literacy (QL)
- Diversity (DV)
- Writing Intensive (WI)

Such credits may also apply to the 12 Complementary Liberal Arts credits depending on school and department requirements. The degree to which such credits could apply to a specific ICC requirement is dependent on a match between the Ithaca College courses meeting the requirement and the credit granted for courses completed elsewhere and on program-specific requirements for the 12 Complementary Liberal Arts credits.

Students may not apply credits earned at other institutions or granted on the basis of AP/IB/CLEP score or any other standardized examination program from which Ithaca College awards credit toward fulfillment of the Themes and Perspectives or ICC Capstone components of the ICC.

Transfer Students

Transfer students are defined institutionally as those students who have completed at least 9 semester hours (or equivalent) of college course work after high school graduation and before matriculation at Ithaca College. Transfer students may use AP/IB/CLEP course credits and transferred college credit toward the Themes and Perspectives at the discretion of the ICC Director. Any questions should be directed to ICC@ithaca.edu.
