Federal Pell Grants

Selection of Recipients and Allocation of Awards

The Federal Pell Grant program is an entitlement program. Eligibility and award amounts are based on financial need. The applicant must be matriculated as an undergraduate student, for at least 3 credits at an approved post-secondary institution and must need financial assistance to continue their education. A student may receive grants for the period required to complete a first baccalaureate degree but for no more than 12 semesters (for first-time Pell grant recipients on or after July 1, 2008). Awards may be used for tuition, fees, books, and living expenses. A student may be eligible to receive Pell Grant funds for up to 150 percent of the student's Pell Grant scheduled award for an award year. To be eligible for the additional Pell Grant funds, the student must be otherwise eligible to receive Pell Grant funds for the payment period and must be enrolled at least as a half-time student in the payment period(s) for which the student receives the additional Pell Grant funds in excess of 100 percent of the student's Pell Grant Scheduled Award.

Award Schedule

Awards range from \$767 to \$7,395 for the 2023-2024 academic year. The amount of the award is affected by the cost of attendance and full- or part-time enrollment status.

Responsibilities of Recipients

The student must continue to make satisfactory academic progress in the program in which they are matriculated. The student must not owe any refunds on Pell grants or other awards paid, or be in default on repayment of any student loan.

Before receiving payment, Ithaca College must have on file, by electronic means, an accurate official student aid report (SAR) which is generated from the student's FAFSA. Awards are credited to the student's account.

Federal Direct Student Loan – Subsidized Application Procedures

Ithaca College processes applications electronically. Borrowers may accept a loan offer using their HomerConnect access online once they complete the e-communications requirement. Once accepted, the College transmits pertinent loan and entrance counseling information to the Federal Department of Education (US DOE). A borrower utilizes the US DOE Direct Loan website to complete a master promissory note. Repeat Direct Loan borrowers who have completed the entrance counseling and the master promissory note while attending Ithaca College need not complete another entrance counseling or another promissory note unless otherwise instructed to do so.

An origination fee of 1.057% will be deducted from the loan amount for subsidized loans that are first disbursed on or after October 1, 2023, and before October 1, 2024.

A student receiving a Federal Direct Subsidized loan is eligible for a full-interest subsidy during the time the student is in school at least half-time.

Responsibilities of Borrowers

The student must continue to maintain satisfactory academic progress. The interest rate is a fixed rate of 5.50% for loans that are first disbursed on or after July 1, 2023, and before July 1, 2024. Repayment begins six months after the student ceases to be enrolled at least half-time.

Various deferments allowing postponement of repayment are available depending on when the student received the first loan. For specific information, students should consult the Federal Student Aid Deferment Forbearance website (<https://studentaid.ed.gov/sa/repay-loans/deferment-forbearance/>).

On ceasing to be at least a half-time student, the borrower must make formal arrangements with the Direct Loan servicer to begin repayment. For specific information, students should consult the Repayment Plans (<https://studentaid.gov/manage-loans/repayment/plans/>) website.
