

CROSS-SCHOOL PROGRAMS

Cross-school majors and minors draw on the expertise of faculty from multiple schools. The courses encourage students to synthesize knowledge across disciplinary and school boundaries in pursuit of a coherent area of inquiry. Faculty from multiple schools collaborate in teaching, advising, and program governance, with cross-school steering committees providing oversight to ensure curricular coherence and academic quality across participating departments.

Majors and Minors

- Creative Industries – B.A.
- Film Studies – B.A.
- Film Studies Minor
