

HEALTH POLICY AND MANAGEMENT MINOR

This minor provides students with an understanding of the complexity and requirements of institutions, policies, and management issues in health care and the skills necessary to pursue a broad range of health-related management and/or policy opportunities in the for-profit, nonprofit, and governmental sectors. This minor is appropriate for students pursuing careers in the health care field, especially students majoring in allied health fields, business, gerontology, or the social sciences. The minor is not open to students in health care management.
